SCULPTURE COURSE

The Sculpture course gives students the opportunity to learn the techniques that are necessary to work with clay or marble. Students will make “bas-reliefs” or sculptures in the round depending on their interests, and it will also be possible for them to make plaster casts of their works.

The school is equipped with a kiln where students can fire their clay sculptures with a small additional fee. Blocks of clay and of high-quality marble from Carrara can be purchased directly at school.

To attend the Marble Sculpture course it is necessary to register for at least 4 weeks as learning how to handle correctly the tools necessary for the processing of this material and carving in itself can require a long time of practice.

Classes are in Italian and/or English and Spanish language, start every Monday and are held in the afternoon: on the first week Monday from 4 PM to 7 PM, the following weeks Monday to Friday from 3 PM to 7 PM.

At the end of the course students will receive a Certificate of Participation (Diploma).
